

Descriptions of the Different Book Resources

Title		Description	
Quick Vocabulary		Words are listed and defined. Students can add other words that they need to remember as well.	
Content Vocabulary*		Content Vocabulary pages provide review and reinforcement activities. Use these pages to help students master content terms.	
Lesson Outline*		Lesson outlines follow the head and subhead structure of the Lesson, emphasizing the major content objectives. They can help you organize teaching notes and accompany student reading.	
Content Practice (Leveled)		Content Practice A is designed to help students who have difficulties learning and understanding the vocabulary and Key Concepts of each lesson: <ul style="list-style-type: none"> o Form A—helps struggling students grasp lesson content o Form B—provides on-level and beyond-level reinforcement of lesson content 	
Language Arts Support		Language Arts Support pages provide practice using vocabulary, language structure clues, and writing skills with science content.	

Title		Description	
Math Skills		This page provides additional practice of the Math Skill in the Student Edition.	
School to Home		The School to Home page provides support for a home-learning partner to help a student better understand the Big Idea of a chapter.	
Key Concept Builders		Key Concept Builders present the content in a context different from the Student Edition. These pages can be used whenever a student is struggling with any of the lesson's Key Concepts.	
Enrichment		Use Enrichment pages to further explore information and Key Concepts introduced in a lesson.	
Challenge		The Challenge activity extends information in the Student Edition and challenges a student's abilities. The activity can be completed in class or at home.	
Lesson Quiz (Leveled)		<p>These quizzes are developed around the Key Concepts of a lesson:</p> <ul style="list-style-type: none"> o Quiz A—provides more guided questions o Quiz B—provides more short-answer and completion questions 	  
Skill Practice		This corresponds to the Skill Practice in the Student Edition. Write-on lines are included for answers. Tables/charts/graphs are included for recording observations, or space is provided for drawing tables/charts/graphs. Students do not need to use their textbooks in the lab.	

Title		Description	
Lab (Leveled)		<p>These pages provide leveled versions of the Student Edition Lab. Write-on lines are included for answers. Tables/charts/graphs are often included for recording observations, or space is provided for creating tables/charts/graphs:</p> <ul style="list-style-type: none"> o Version A—This version follows the student edition lab but each step of the procedure is broken down sentence by sentence. Included are check-off boxes that provide easier processing for struggling learners. o Version B—This version is the student edition lab. o Version C—This version is designed to be a challenge for independent learners. Students must complete version B before doing version C. 	
Chapter Key Concepts Builder		<p>This practice page is designed to reinforce chapter content for struggling students before they take the chapter test.</p>	
Chapter Test (Leveled)		<p>These leveled chapter tests accommodate all students:</p> <ul style="list-style-type: none"> o Version A—provides students with more guided questions o Version B—more short-answer and completion questions o Version C—challenges students with more difficult and open-ended questions
